GROUND SUPPORTS

Adjustable fixed with screw and nut Ø 10 mm

Product informations

Adjustable ground supports with screw.

Supplied in packs of 4 pieces

Product features

- equipped with a joint at the top of the foot, which allows the support to adapt to the inclinations of the surface where the outdoor unit is to be installed
- there is an NBR rubber seal on the underside of the supports, which provides greater stability on the ground
- there is an NBR rubber gasket at the top of the supports to absorb vibrations from the outdoor unit, profiles, structures, etc...

Technical Features

<i>MAX PAYLOAD</i>	150 KG FOR KIT
<i>MAXIMUM ADJUSTABLE HEIGHT</i>	120 ÷ 180 MM
<i>MATERIAL</i>	GLASS-FIBRE REINFORCED PP
