COMPACT AND MINI COMPACT

Small size built-in boxes

Product informations

COMPACT and ***MINI COMPACT***, small, modular and reversible embedded boxes that allow condensation water to exit both on the right and on the left. Moreover, thanks to the sloping bottom of the base, the risk of stagnation will no longer be a problem!

Product features

- complete with 90° elbow connection for vertical condensate drain
- 6 entrances for refrigeration lines, two on the sides and four on the upper side
- drain adaptor suitable for pipes Ø 16-18 mm and Ø 18-20 mm
- complete with sealing o-ring and cover fixing screws
- supplied with protective cardboard for painting
- cover fixing: ***SKU 11200*** screw, ***SKU 11201*** interlocking
- for the dimensions consult the technical drawing
