CONDENSATION NEUTRALIZER

Condensate neutralizer tray for condensing boiler drains

Product informations

Neutralizer specifically designed to treat acidic condensate from condensing boilers with a rated output of up to 350 kW, equipped with a double action filtering charge which regulates the pH values and stops the metal oxides.

Complete with installation accessories.

Technical Features

CONDENSATE DRAIN TREATMENT	UP TO 350 KW
CONNECTIONS	IN/OUT 1"
MAX FLOW RATE	35 L/H
OPERATING TIME AT FULL LOAD	3,7 M
DIMENSIONS	D 320 X W 200 X H 240 MM
WEIGHT	2 KG (12 KG, INCLUDING REFILL 11911RI)

SKU	MODEL	PRICE
00000011911	NEUTRALIZER	€495.6 VAT EXCLUDED
