HYDRAULIC CRIMPING TOOL

For FastPipe® SYSTEM

Product informations

Manual or battery-operated hydraulic crimping machine that achieves 64kN clamping force to crimp the ***FastPipe® Fitting Kit*** and proceed to connect the air conditioning units.

- Manual crimping tool Mod. ***HP64 (SKU 11960)***, an oil-driven, lightweight, handy tool with small overall dimensions; thanks to its limited angular opening of the movable handle equipped with automatic return, the operator can make the approach of the connector dies with one hand, employing the other for positioning.

- Automatic crimping tool Mod. ***STILO64 (SKU 11959)***, battery-powered portable tool with hydraulic two-speed system, the first fast approach speed and the second slower power speed ensuring optimal use of available energy; equipped with maximum pressure sensor and safety valve.
