DIELECTRIC INSULATION TAPE

Dielectric and self-extinguishing

Product informations

Insulation tape with natural rubber-based adhesive, used for electrical taping, for repairing dielectric joints, in the junction of cables and insulation coatings of duct.

Technical Features

DIELECTRIC RIGIDITY	8000 V
WORKING TEMPERATURE	- 20°C ÷ + 80°C
THICKNESS	0,18 MM
INSULATION CLASS	Y
RESISTANCE TO UV RAYS	EXCELLENT
SELF-EXTINGUISHING CLASS	APP. C, CEI 15-5

SKU	MODEL	PRICE
0000050311B	DIELETRIC INSULATION TAPE - 50 MM X 20 M	€11.55 VAT EXCLUDED
