

EVA WHITE DUCT

Model with film and without film

Product informations

The **EVA** ducts are fixed to the wall by means of expansion plugs using the holes provided on the base and, the tubes are held at the base by means of special locking supports (*not included*) with quick insertion that can be removed by slightly spreading the walls.

EVA is equipped with a system of covering accessories at the junction and deviation points, as well as for passage to the wall; all accessories snap onto the lid.
