## BROWN DUCT WITH PROTECTIVE FILM

Model AFRIKA

## Product informations

The $\boldsymbol{A F R I K A}$ duct is fixed to the wall by means of expansion plugs using the holes provided on the base, the tubes are held at the base by means of special quick-insert locking supports, which can be removed by slightly spreading the walls.

Equipped with a system of covering accessories at the junction and deviation points as well as the passage to the wall.

All accessories snap into the lid.
