FASHION WIND

TECNOBREEZE air curtain

Product informations

FASHION WIND air curtain.

Nice, solid and elegant in its design this is a high rank product suitable for prestige spaces. Serious researches and product development created a technological solution for the noise pollution control: the result is a strong air flow with the minimum noise interference. The air curtain allows to keep a constant temperature inside the room, also stopping dumped air from outside. Energy consumption gets optimized with consequent money saving. All moving electrical parts are guaranteed for over 5000 hours functioning.
