ROUND CEILING DIFFUSER

Adjustable cone

Product informations

Circular ceiling diffuser with adjustable cones. The bell is made of aluminum sheet metal, while the cones are made of steel.

They are both painted in RAL 9016 matte color.

It can be applied to the ceiling, either in supply or return air applications, at a height of 2.7 to 3.5 m. It is attached by hidden screws located on the neck of the diffuser.

Product features

- built with aluminum bell and adjustable steel cones
- use: ceiling, supply and return
- painted in RAL 9016
- **installation height: 2.7 - 3.5 m**
- **fixing with hidden screws positioned on the neck of the diffuser**

Accessories

- connection plenum in galvanized steel with insulation
- connection plenum in galvanized steel without insulation
- butterfly damper (with central half screw adjustment through the front of the diffuser)
