STARTER KIT ALL-IN-ONE

FastPipe® Starter Kit

Product informations

FastPipe® Starter kit All-in-One (AiO) is the key to accessing the FastPipe® system. The kit consists of a sturdy and comfortable suitcase, inside which are contained all the tools necessary for a correct installation of FastPipe®, to which two coils of 50 m pipe can be added, with diameters 1/4" and 3 /8".
The kit is generally designed for the installation of 1/4" and 3/8" diameter pipes, but it is possible to customize it according to your needs by purchasing the accessories not present in the suitcase separately.
The All-in-One Starter kit is available in the version with manual crimping tool or with battery-powered crimping tool.

The Starter Kit consists of

- Manual hydraulic crimping tool or battery-powered hydraulic crimping tool (equipped with battery and battery charger)
- Pair of dies Ø1/4" + Ø3/8"
- 10x fitting kit Ø1/4" F
- 10x Ø3/8" F fitting kit
- Screwing tools Ø1/4"+ Ø3/8"
- Professional pipe cutting pliers
- Calibration cross
- Anti-UV protective tape
- Spray oil for fixing fittings
- SuperGrip gloves
- 10x 2-in-1 plastic cap Ø1/4"+ Ø3/8"
- FastPipe® System Manual
