TECNOBREEZE FASHION WIND

Air curtain

Product informations

TECNOBREEZE FASHION WIND the beautiful, elegant and compact air curtain is a high-end product that adapts to prestigious environments; it allows to maintain a constant temperature inside the environment, also avoiding the entry of contaminated air flows from the outside. Its moving electrical parts are guaranteed for operation over 5000 hours.

Product features

- elegant design, aluminum body and lid without visible screws
- high performance motor, safe and reliable, in which a centrifugal turbine designed for a higher air output speed is used
- suitable for installation in supermarkets, large stadiums, hotels, airports and other large building entrances
- complete with upgraded remote control with multiple operation (low or high speed adjustment)
- maximum height from ground: 3,5 m
