

## TECNOBREEZE HOT WIND

Air curtain

### Product informations

**TECNOBREEZE HOT WIND**, the linear and compact air curtain, is a high-end product that finds its greatest application in commercial environments; it allows to maintain a constant temperature inside the environment, also avoiding the entry of cold or contaminated air flows from the outside. Its moving electrical parts are guaranteed for operation over 5000 hours.

### Product features

- PTC heater that creates air curtains at different temperatures, which effectively prevent cold air flow and ensure a comfortable temperature
- metal and aluminum cover
- delayed shutdown protection device (3 minutes), which activates automatically when using "HEAT" mode, efficiently extending the life of the product
- moving electrical parts guaranteed for operation over 5000 hours
- complete with remote control, with power adjustment and electrical resistance
- maximum height above ground: 3 m

### Technical Features
